Hey John,
Bill won't have time to meet in the district for at least another month...his calendar is packed. I am happy to meet as always. We need to get this done soon before it reaches council, so let me know when you can come down
Thanks,
Nate

Nate,

Miki, Don and I met this morning and are requesting a meeting with you and the Councilman to find time Don's "Westchester Landscape Entry Project Overview" to meet Bill's wishes.

So, could we schedule a meeting with the two of you at the Westchester office as soon as possible to discuss this. We want Bill to be comfortable with the plan for improving the residential section of Sepulveda.

Again, we appreciate his leadership with this project.

Many thanks.

John

Nate writes:

Hi guys,
I love Don's Landscaped Entry Project Overlay, but Bill wants some specific plans for the use of the \$1.85 mill before it gets to Council.

He needs to know how the money is going to be spent, and invested. He needs a rough timeline and specific projects and estimated costs associated so he can get the full council to buy into it.
